

👤 Summary

Motivated and detail-oriented Computer Applications student with strong interest in Web Development and Data Structures & Algorithms. Skilled in C/C++ programming, problem solving, and debugging. Currently gaining practical experience through hands-on training in web development and algorithmic problem solving. Passionate about building efficient software solutions and continuously improving technical skills..

📊 Skills

C++

strong programming skills in C/C++

Understanding of Object-Oriented Programming (OOP)

Good debugging and problem-solving skills

Problem Solving & Logical Thinking

Data Structures & Algorithms

🎓 Education

Amity University Online, Amity University Noida

Bachelor of Computer Applications (B.C.A) - Computer applications

Noida, Uttar Pradesh

Aug 2024

apex bharti senior secondary school jodhpur, rajasthan

senior secondary

jodhpur, Rajasthan

2015

meriya senior secondary school

secondary education

2013

📁 Experience

indian air force

Billing clerk

Sep 2016

jodhpur

- Managed billing operations with high accuracy and compliance standards.
- Reduced billing discrepancies by 15% through improved verification processes.
- Implemented an electronic invoicing system that increased processing speed by 25%.
- Mentored and supervised a team of 5 clerks, improving overall team productivity.

Regex software services

Trainee

Sep 2025 - Present

Jaipur, Rajasthan

- Learning and implementing core Web Development concepts including HTML, CSS, JavaScript, and backend fundamentals.
- Practicing Data Structures and Algorithms to strengthen problem-solving and logical thinking.
- Working on real-world coding tasks and improving debugging and development workflow.

- Collaborating with mentors and team members to understand modern web development practices.

🌟 Certifications

- Strategic Human Resource Management
- Certification in Principles of Retailing
- Certification in Advance Excel
- Certification in Basic Mathematics
- Leadership and Motivation in Organization

🔧 Extra Curricular

- Solving Data Structures & Algorithms problems on LeetCode.
- Practicing arrays, strings, recursion, and hashing problems.
- Improving algorithmic thinking and coding efficiency through regular problem solving.
- LeetCode Profile: leetcode.com/shivamcp345
- Participating in a 100 Days of LeetCode challenge to strengthen Data Structures and Algorithms skills.
- Solved 165+ Data Structures and Algorithms problems on LeetCode, covering arrays, strings, hashing, and recursion.
